Dear all,

we would kindly like to come back to you with some information. Please have a look at the online program since we had to adapt some points.

For those who might need visa documents please contact us for any further assistance. For those who haven't registered yet: please note the early-bird registration will end on February 15, 2014. After this date the registration fee will rise to 150 Euro. Within the next week you will find some further information on side-programs in Frankfurt.

Please keep in mind to send your paper not later than February 24, 2014. Thank you for your assistance.

Thank you for your attention!  
All the best

Andrea
